

Celebrate the intersection of science, creativity, and community

Join us at ScienceFest 2024

We are thrilled to announce two exclusive events featuring experts in technology and entrepreneurship. All ages and interests are welcome.

Sunday, July 14, 2024

Pioneering Progress: Insights on Advanced Technologies and Product Innovations from New Mexico Startup CEOs and Los Alamos Experts

Pitch Event Time: 2:30–4:30 p.m. (MT)

Location: Fuller Lodge, Los Alamos, NM

Reception Time: 4:30–6 p.m. (MT)

Location: Bathtub Row

Format: Presentations and Networking Sessions

Event Highlights:

- Hear from NM start-up CEOs, LANL staff, and postdocs.
- Insights on Advanced Materials, AI, Clean Energy, Health Monitoring, and Space Systems.
- Reception and poster session at Bathtub Row.

Monday, July 15, 2024

NM Clean Energy Transition Roundtable: Emerging Technologies Pathways to Commercialization

Time: 9–10:30 a.m. (MT)

Location: Fuller Lodge, Los Alamos, NM

Format: Panel Discussion with Q&A Session

Event Highlights:

- Learn about the steps required to transition groundbreaking research into green energy products.
- Hear how LANL is supporting a new wave of startups and activity in renewable energy solutions.
- Interact with a panel moderated by climate investor Ward Hendon, with Los Alamos spinoffs - Luis Chavez (Hydrosonics) and Hunter McDaniel (UbiQD), and New Mexico entrepreneurs David Perez and Simon Woodruff.
